

Equal Opportunities Monitoring Form

The Family Mediation Council is committed to promoting fairness and eliminating discrimination from recruitment and selection practices. We will ensure that no applicant for a post with us receives less favourable treatment, either directly or indirectly, on the grounds of age, race, disability, gender, marital status, religion, faith or sexual orientation.

To monitor and audit the effective delivery of this commitment, the Family Mediation Council requests that all applicants provide information asked for in this monitoring form. This will only be used for this purpose, will form no part of the interview process and will be treated in strict confidence. It should be stressed that completing this form is entirely voluntary, and non-completion of this form will in no way adversely affect your application.

The form will be detached from your application form and transferred to our Human Resources database to help monitor the diversity of applications we receive. This will enable us to develop appropriate policies and procedures in respect of diversity and equal opportunities.
